**SIERRA
NEUROSURGERY
GROUP**

TELL US ABOUT YOUR COMPANY.

For over 30 years Sierra Neurosurgery Group has been the region's largest and most integrated group of specialists dedicated to exceptional spine & brain care. We have a team of 10 Neurosurgeons, an Interventional Pain Specialist, six Advanced Nurse Practitioners and two Physician Assistants. Sierra Neurosurgery Group's Neurosurgeons are highly trained specialists who diagnose and treat disorders of the brain, spine and peripheral nerves. Only Neurosurgeons are trained during their residency to perform procedures inside the lining of the spinal canal. Every patient is unique to Sierra Neurosurgery Group, they receive an individualized treatment plan based on their needs. Patient care is number one to every physician and caregiver.

WHAT LED YOU TO RENO/TAHOE?

I have called the Reno/Tahoe area home for the past 19 years. I moved to the area to be closer to family, and fell in love with the area, what it has to offer, the family atmosphere it has been a great place to raise my two boys.

WHAT IS YOUR FAVORITE THING ABOUT THE RENO-TAHOE AMA?

My favorite thing about the Reno/Tahoe AMA, is the information it provides to its members, and the opportunity to meet other marketing professionals.

TELL US ABOUT YOUR BACKGROUND AS IT RELATES TO MARKETING.

I have been in sales all of my career life. While living in the Phoenix area, I was the Corporate Sales Manager for a local hotel which catered to the business traveler. I also owned my own special events company and worked for a non-profit children's charity organization as their Special Events Coordinator, which led me to my current position as Marketing Manager for Sierra Neurosurgery Group.
